Alies May Seek Talk With Stalin
Allied Experts Meeting in London Draft Final Action

LONDON, July 27.—(CP)—A direct approach to Prime Minister Stalin by the three western powers to discuss a way out of the existing deadlock in Berlin, believed to have been discussed in detail by British, French and American representatives at the foreign office today.

Purpose of the meeting between British and American Ambassadors to Moscow, the French Ambassador to London, Charles Lohien, Russian expert of the United States department, and Patrick Dean, of the German political department of the British Foreign Office, is to work out agreed drafts of the initial approach to Stalin and possibly to decide on an alternative procedure, as well, if Stalin is unable to meet western representatives for direct talks, diplomatic observers believe.

It is believed that if the direct approach to Stalin fails, the original plan of a three-power note to Moscow may be adopted.

A diplomatic official said today that the western powers decided that their ambassadors will present personally to Stalin Minister Molotov of Russia proposals for settling the crisis.

The approach to Stalin, which is Washington's alternative to the original British suggestion for a new three-power note, is believed to be inspired by the underlying aim of discovering a way out of the deadlock and then progressive steps to a wider range of four-power discussions to embrace other German problems, and finally perhaps all major outstanding differences between Moscow and the west.

Chief Paul Markard, secretary of the anti-Communist city government for being "un-democratic," German and un-operative," continued to receive the backing of the Russian, who supported him originally.

His anti-Communist deputy, Dr. Johannes Stumm, directed by the city government to take over, was ordered to resign by the Russians. The dismissal was a one-power act, however, and the city is run by four powers.

Four persons were arrested after a demonstration of some 600 persons in the Russian sector of the city.

Truman Asks Price Control To Avert New Depression

WASHINGTON, July 27.—President Truman today demanded limited price control, said an excess profits tax to help check the rising cost of living in the United States and avert "another great depression."

A depression, he said, would scuttle "the world's hope for a lasting peace."

Mr. Truman, face-to-face with the Congress he called one of the "worst" in history, also demanded immediate passage of comprehensive legislation to meet the national housing shortage.

The chief executive submitted a basic 11-point program to the special session which he summoned the night he received the Democratic presidential nomination. But he asked the legislators to give top priority to price-inflation and housing proposals.

In an obvious reference to Republican hostility toward the summer session, Mr. Truman said: "High prices are not taking time off for the election. High prices are not waiting until the next session of Congress. High prices are getting worse. They are getting worse every day."

COMPROMISE POINTS
Among the points for which Mr. Truman was willing to accept an ordinary consideration by the Congress were his civil rights program, federal-aid-to-education, a higher minimum wage and expansion of social security coverage.

Speaking to a joint session of the House and senate, the president recommended an eight-point program in order to prevent an economic "catastrophe." He called for:

1. Re-establishment of the excess profits tax to provide a treasury surplus and provide a brake on inflation.

2. Restoration of consumer credit controls to boost bank credit.

3. Greater authority for the federal reserve board over bank credit.

4. Regulation of speculation on the commodity exchanges.

5. Authority for allocation and inventory control of scarce commodities "where the public interest requires."

6. Control of the production of, or the sale of, certain commodities.

7. Control of the production of, or the sale of, certain commodities.

8. Control of the production of, or the sale of, certain commodities.

\$5 Paid for Voters' Slips in Que. Election

MONTREAL, July 27.—(CP)—Assistant Director Maurice Beauregard of the provincial police said today that a "black market" existed in voters' registration slips in Montreal with citizens being offered from \$2 to \$5 for the papers which will identify them in tomorrow's Quebec election.

At the same time Georges Laviole, 22, pleaded guilty in recorder's court to a charge of illegally possessing a number of slips. He will be sentenced tomorrow.

The registration slips are issued prior to election by enumerators under provisions of the Quebec Election Act of 1945 specifying that voters in Montreal and Quebec City must have such papers. The slips, which urban voters have to present to poll officials, are not needed in rural areas where voters are well known.

UNWITTING VICTIMS
Police also said that some voters were unwittingly surrendering their papers to so-called revisors who called at their homes on the pretext of making certain corrections and promising to return the slips, which they never did.

As a result, police said, hundreds of citizens were complaining their papers had been lost and many complaints of impersonation attempts are expected tomorrow.

Meanwhile, police deposited with recorder's court 127 registration slips they said were stolen last night in a raid on the central committee rooms of Joseph Francoeur, Liberal candidate in Montreal Mercier.

BABY BEGINS HIS LIFE AT 5,000 FEET

REGINA, July 27.—(CP)—A newborn baby, the first child of a resident while his mother was dying, was born today at 5,000 feet over the province.

The baby was born to Mrs. Marie Dubois of Rose Valley, Sask., a passenger in a government air ambulance plane bound for Regina.

Both mother and child are well in Wadena hospital, 80 miles northeast of here, where the pilot set down in an open field after the birth.

Nurse Eleanor Fraser was assisted by Chief Engineer Inspector Gerry Ross.

Amulance officials recalled several births minutes after the plane touched ground in the town while the mother was in flight. Stated officials here say the child's birth record will list the child as "born in an air ambulance enroute from Rose Valley to Wadena."

Two Police Chiefs In Berlin Battle

BERLIN, July 27.—(AP)—Blockaded Berlin turned up with two police chiefs at odds today over the stage for a new test of strength between east and west.

Chief Paul Markard, secretary of the anti-Communist city government for being "un-democratic," German and un-operative," continued to receive the backing of the Russian, who supported him originally.

His anti-Communist deputy, Dr. Johannes Stumm, directed by the city government to take over, was ordered to resign by the Russians. The dismissal was a one-power act, however, and the city is run by four powers.

Alberta's Polio Cases Now 45—Higher Than Last Year

Alberta's total of poliomyelitis cases is now four times the number reported up to this time last year. Dr. A. Somerville, director of communicable diseases, said today. But, he said, the peak may have passed.

At the end of July last year there were 10 cases of the so-called "child-hood" disease in the province.

Today's total stands at 45 cases. Two new cases of the disease were reported today. A 14-year-old boy from Longview, near Turner Valley, and a six-year-old girl from the Vermilion area.

Dr. Somerville said The Bulletin today that the fact that the present polio total exceeds last year's is not significant because "the peak of the disease may be anywhere in the summer."

"You can't tell at any stage what the epidemic may be," he said.

MAY HAVE PASSED
The doctor stated that the peak of the disease may have been reached earlier this year.

The 1947 total of polio cases was 84.

"Case reported today of the six-year-old Vermilion girl was the eighth case of a girl being stricken in the past six days."

All the cases reported since July 21 have been girls, except for today's case.

The fact that so many girls have been stricken by the disease was termed a "coincidence" by Dr. Somerville.

Polio Victim Dies Here

Poliomyelitis claimed its first Edmonton victim in more than two years over the weekend.

David Howard Abraham, 26, who resided in the Eastwood area.

He was admitted to the isolation hospital last week suffering from slight paralysis. This paralysis attacked his respiratory muscles.

Eight cases of the disease have been reported to the city health department during this year and 31 throughout the province.

Soviets Criticize American Flying

BERLIN, July 27.—(RUP)—The Soviet Army Command public has issued a demand today for a stop to the "superior flight" of American planes.

The official Soviet Army organ Tagesspiegel Rundschau said the flight, particularly by 745 "people in the city."

A crash Saturday night of a U.S. C-47 in the Princesse sector of Berlin was cited as proof. The organ charged that American airmen perished in a dangerous way over the city.

Miners Trapped

PRINCETON, Ind., July 27.—(AP)—An explosion occurred in the Kings Station mine near Princeton this afternoon and workers at the mine mouth told newspapermen they believed from 18 to 25 miners were trapped.

ROME, July 27.—(Reuters)—British immigration officials have refused to issue a passport to Tommaso Giglio, special Olympic correspondent of the Italian Communist party newspaper, Italia, to enter England according to a report in the U.S. Weather Bureau.

Giglio said he was subjected to several hours' questioning at Dover although his documents were in order.

107 Ave. Bus Route Will Open by Aug. 22

Trolley buses will go into operation along 107 avenue not later than August 22, it was announced Monday by Thomas Ferrier, superintendent of the transit system.

Conversion from street car to trolley bus will start on August 15, but difficulties encountered in erection of poles along the 107 street may cause a seven-day delay.

When the change over starts the Hudson's Bay street car on 104 street to 107 avenue and north to the 118 avenue terminus.

Buses operating west on Jasper street from 107 avenue will be turned at 112 avenue.

They will operate on the east-west route to 90 street and north to 115 avenue, then east to 82 street.

Buses operating during the rush traffic hours on the Jasper avenue section from 107 avenue to 124 street and 112 avenue and at 111 avenue and 85 street.

When the change over is made new bus stops will be designated. The present bus stops at 107, Woodward's and east of 104 street will be moved across the street to south of the street.

The stop further west and south of the street will be eliminated. Also the bus stop immediately east of the Hudson's Bay store north of Jasper avenue and at Woodward's immediately north of 107 street will be eliminated.

On the south bound trip buses will stop south of 107 avenue immediately west of the King Edward school.

Australia Wins Cricket Test

LEEDS, Yorkshire, England, July 27.—(Reuters)—Australia defeated South Africa by seven wickets today in the fourth test cricket match.

The Australians today tallied 464 runs in the time of 100 minutes. The Aussies' star batsman, Don Bradman, scored 173 not out and opened his century with a century.

South Africa's Arthur Morris scored 124 not out.

3rd Man Brutally Beaten In Mystery Attack Here

Third brutal assault by unknown persons on Edmonton citizens is being investigated by police today. The victim, reported by police today, was Mike Laybuck, 364 104a avenue, who was struck down while he was waiting for a street car in the Calder district Saturday night.

According to Laybuck and a woman companion were waiting for a street car at the corner of 125 street and 127 avenue late Saturday night when the assault occurred.

Police said the slugs, which were fired from a street car, were accompanied by another man and a girl, pushed Laybuck from the sidewalk onto the ground, police were told.

Before he could rise to his feet the man kicked him in the head and face, Laybuck claimed.

The assailant ran into the darkness before he could be identified. As a result of the assault Laybuck suffered head cuts and two bruised eyes, police said.

A man brutally assaulted last Tuesday night has been identified by police as Jens Torslund, 104a avenue, who was found on a sidewalk on 103 avenue near 101 street Tuesday night.

When interviewed by police Torslund was unable to provide a description of his assailant.

According to Torslund he was walking on his way to a rooming house Tuesday night, he was beaten on the head by an unseen assailant and robbed of nearly \$200 in cash, police were told.

Torslund was released from Royal Alexandra hospital Friday after treatment for head injuries.

Early Sunday, a man identified as Roy Sahlback, 364 104a avenue, was found lying on a sidewalk at 97 street and 101 street.

He was rushed to the Royal Alexandra hospital and treated for facial abrasions and cuts.

Only clue to Sahlback's assailant was provided by witnesses who said they observed a young man running from the scene shortly after the assault.

The injured man was found.

VIGIL AT KING'S CROSS

He Waits by Clock Daily For Son Missing 5 Years

LONDON, July 27.—(AP)—John Sutherland, 65, of Vancouver, stands 10 hours daily under the clock at King's Cross station.

He is waiting for his son Wilfred who was reported "presumed dead" when shot down off Holland in an RAF bomber in 1943.

Sutherland said he has not seen his son under the clock four months ago and intends to wait until the next three months.

"Some intuition made me visit the station when I came here in March," he said. "Not even thinking of my son, I stood beneath the clock for a few minutes."

"Suddenly I saw him. He stared at me, looked away and went into the ticket office. I waited. When he returned he looked half dead. I ran after him but he was gone. I thought I spent an hour at the station and looked in every departing train. I saw no more of him."

"Two days later I returned to Canada. I wrote at once to Scotland. The letter was passed to the military."

"But I couldn't wait for official notice. I felt I had to see him. Every day since I arrived two weeks ago I've stayed at King's Cross until the last train went. I feel I shall see him some day. I shall see my son again."

Sutherland, 65, lives with his wife and family in Vancouver, added, "one day I shall see him. I shall see him."

Canada, I wrote at once to Scotland. The letter was passed to the military."

Immigration Flow in 1948

Satisfactory Says MacKinnon

If flow of immigrants to Canada continues at the present rate, Dominion will have 100,000 new citizens by the end of 1948.

James A. MacKinnon, new minister of mines and resources, now in charge of immigration, said today the problem is being handled efficiently and promptly.

MacKinnon is hoping for a visit. A total of 100,000 displaced persons have received authorization to enter Canada to date. Over 10,000 have already arrived in Canada, Mr. MacKinnon said.

ENCOURAGED BY GOVERNMENT
The flow of immigrants from Europe to the Dominion will foster growth of population by encouraging settlement of new immigrants.

The rate at which newcomers are absorbed into the Canadian economy is the factor determining the number to be admitted, he added.

He added that indications are that the present steady flow will be maintained in the rest of the year.

Canada was the first non-European nation to take independent action to admit displaced persons, and has authorized the admission of 30,000 in addition to those provided for under regulations.

Canadian immigration teams are operating in Germany and Austria, selecting and examining potential refugees and examining them in Britain, United States and French zones.

Displaced persons in occupied territory, coming within the mandate of the United Nations Relief and Rehabilitation Administration, are assembled and presented to Canadian immigration teams.

In all cases Canada's own immigration officials make the final selection. The Canadian Chiropractic Council for the Resettlement of Refugees locates and examines immigrants who do not come within the terms of the Immigration Act. The Canadian government agrees to insure that all displaced persons given Canadian citizenship.

During the first five months of 1948, the minister said, 41,952 persons from Great Britain and the European continent have come to Canada, an increase of 7 per cent over last year.

Increased shipping facilities and air travel via TCA has improved the situation immensely, Mr. MacKinnon said.

Under an agreement between Canada and The Netherlands, 10,000 Dutch immigrants will come to Canada this year. These are chiefly agriculturists and will be employed chiefly on Canadian farms.

Buck Explains Clenched Fist

MONTREAL, July 27.—(CP)—The "Buck" explained the Labor-Progressive party, told a political rally here last night the Communist clench fist salute was to him what the sign of the cross was to Catholics.

"It is sacred," he said, explaining a photograph distributed by the United Nations National party showing Buck and Labor-Progressive Candidate Guy Caron giving the Communist salute over Premier Dufferin's desk.

Speaking in support of Caron, candidate in tomorrow's provincial election, Buck claimed Canada's national income is sufficient to give every 60-year-old Canadian a monthly pension of \$50, without adding a cent to present taxes.

Three thousand people packed in Caron's St. Louis riding in here Buck accused Premier Dufferin of pursuing "an anti-Soviet and anti-Labor line throughout the province" and the Liberals of allowing the government to use these tactics.

NOBLE RASPBERRY PLOPPER APPLAUDED

WOODSPOCK, Oxfordshire, England, July 27.—(CP)—The Duke of Marlborough tossed a raspberry into the air and plop—it was in his mouth.

Encouraged by applause from 130 guests at a party held for Princess Margaret, the Duke took another raspberry. Holding it delicately between his fingers he flung it high toward the ceiling of his dining hall in Blenheim Palace and scored a second bulleye.

There were requests for more so the 50-year-old Duke grabbed a handful of raspberries and heaved them one by one toward the ceiling. His mouth never missed. He was happy.

The Duchess, proud of her husband's skill at catching raspberries, said "His is even so clever at it—always doing it. When he throws them in the hall they go over so high. It's twice the height of an ordinary room but he seldom misses."

Curran Re-Elected Union President

NEW YORK, July 27.—(AP)—Joseph Curran has been re-elected president of the National Maritime Union (N.M.U.) by a nearly 3-to-1 vote.

At the same time three top-ranking officers of the union were elected. Curran, 47, defeated Frederick N. (Blackie) Myers, 28,643 to 9,640.

Marshall Plan 'Mask' For Spying—Soviets

GENEVA, July 27.—(BUP)—Russia's delegate to the United Nations Economic and Social Council today "aimed and fired" to promote the Marshall plan, a Soviet delegate "mask" for American military and industrial spying in western Europe.

A. M. Arutiunian charged that the "spying" was designed to increase "mask" for American military and industrial spying in western Europe.

He urged strengthening the economic commission and declared "there was no aid for Europe or elsewhere outside the framework of the Marshall plan."

Community Group Plans Big Season

Life With Father Billed As First Presentation

Edmonton's Community Theatre is planning a full season's activity for next winter. It was learned today from Stuart Carson, president of the group.

"Life With Father," the record-breaking hit which played more than 2,000 performances on Broadway, will be the Community Theatre's first presentation this fall.

The play has just been released for production on Broadway and will be performed here in November by the Edmonton-dramatic.

"Life With Father" will be taken to Calgary on an exchange basis, and next spring the Calgary civic theatre will bring a play to Edmonton.

Two-city drama exchange is being undertaken to stimulate interest in the Alberta stage.

Proceeds from presentations will go to charitable organizations.

First general meeting of the Edmonton Community Theatre will be held September 14.

Other plays to be presented by the theatre will be Shakespeare's "A Comedy of Errors," a Christmas pantomime, and a short "cameo" version of the "Training of the Shrew" which was first performed at the Chicago World's Fair.

Another play will be produced for the Alberta Regional Drama Festival to be held in Calgary next March, but the play has not been chosen yet.

Western Festival The Edmonton Community Theatre has urged the Alberta Drama Board to take steps to inaugurate a Western Canada Drama Festival, which could be entered by the Dominion provinces similarly to the Dominion Festival.

It is felt by many western drama lists that the Dominion festival entails disproportionate expenditure for the benefits received by the players.

Alta Macdonald, Community Theatre manager, and chairman of the Alberta Drama Board, told The Bulletin today that the question of a western festival will be considered at the first meeting of the Dominion Festival House.

Executive of the Edmonton Community Theatre includes: Stuart Carson, president; Mrs. R. C. Sprague, vice-president; Mrs. Carson, treasurer; Leslie Pichler, publicity manager; Alan Macdonald, business manager; Mrs. R. C. Hayward.

RED DEER, July 27.—Red Deer city council Monday night approved a site for the erection of an \$80,000 pump and paper mill in this central Alberta town.

Alberta Pulp and Paper Mills Inc. granted five months option on a 10-acre site west of the Canadian Pacific Railway station here.

If erected, the plant would employ between 250 and 300 workers, and add to the increased employment it would create in the timber land.

Mr. Macdonald has already applied to the provincial government for a license of timber land in the Rocky Mountain House district, just west of Red Deer.

Company officials Tuesday said that the plant would use about 15,000,000 gallons of water per day. This is five times as much used by the city of Red Deer each day.

Consulting engineers on the proposed project is H. N. Simpson, of Melville, who is at present in Red Deer.

Ukraine Harvest Is Best In Years MOSCOW, July 27.—(AP)—The Ukraine—breadbasket of the Soviet Union—reported collecting more than one of its best harvests in many years. The ministry of agriculture of the Ukraine reported that farms by July 5 had harvested 100 million metric tons of grain at the same time last year.

Man's Itinerary Announced Today What may be the last provincial cabinet meeting before Alberta's August 17 provincial election was held in the council chambers of the legislative buildings today.

Minister of Agriculture, Ernest Manning, presided at the meeting. He was joined by the other members of the cabinet.

Mr. Manning's meeting was released today, and calls for his departure from Edmonton by air today for Alberta's north country.

He will speak on Wednesday at a public meeting at Spruce Grove in connection with a public meeting, open to county district stampede men, Grande Prairie, and speak to a picnic of old-timers.

Observers in the legislative buildings say Mr. Manning's main address in Grande Prairie will be to urge the voters to elect the government's candidates.

NORTHERN POINTS On Thursday, the premier will speak at a public meeting at Spruce River. He will return to Edmonton on Saturday.

Next week the premier's program calls for his appearance at Stony Plain and Ennisville on Monday afternoon and at Spruce Grove in the evening.

He will speak on behalf of the Redwater Social Credit candidate at Waskasine on Tuesday afternoon and in Westlock that evening. On Wednesday afternoon he will be in Tofield and in Banff for an evening meeting.

Thursday, the premier will be in Edmonton on Friday. He will speak in Wetaskiwin in the afternoon and in Red Deer in the evening.

Saturday and Sunday, Mr. Manning will be again in Edmonton. Two meetings will be held in the city on Saturday, August 8, at which the premier will speak.

Meetings in the southern part of the province will occupy his time until the following Saturday, when he will address a meeting in the Massey Temple. There will also be a meeting in Edmonton on election eve.

Choral Group Is Expanding

The massed choir which will sing at the Recreation Commission-sponsored open air concert at Clarke Stadium on Sunday, Aug. 8, now boasts about 60 voices, it was learned today.

The chorus, which began operations last week with 19 voices, will sing numbers from "The Messiah" and a selection of hymns at the open air concert.

It is being directed by Leslie Monk, guest conductor from Vancouver.

The chorus still lacks about 20 male voices, John Farina, superintendent of the Recreation Commission, told The Bulletin today.

First rehearsal will be held Monday night.

Next rehearsal will be held Friday, Aug. 7, at 8 p.m. at the CNR station.

Edmonton singers are invited to join the choral group.

THEY MIGHT RAISE 'DICKENS'—FILM BANNED

SINGAPORE, July 27.—(Reuters)—Because the film of "Charles Dickens' Tale of Two Cities" shows scenes of the revolution, it has been withdrawn from exhibition in Singapore. Between 40 to 50 films containing scenes of the revolution have been banned here because they do not suit the tastes of the local audiences, which are said to be "just now."

Enumerating Of City Voters Underway

Enumerators began compilation of voters' lists in Edmonton this afternoon. It was learned from C. Purvis, divisional returning officer.

It is expected that more names than ever before will be listed in the voters' lists for this year's election as a result of Edmonton's great increase in population during the past four years.

About 80,000 voters were counted in the 1944 election.

In pairs, will count eligible voters at Edmonton's 130 polling stations. Number of polling stations has increased from 145 to 149 as a result of the city population growth.

Enumerators must have all results in to election headquarters in the latter building by Friday, August 6.

Bob Elson Now 'Fortune' Editor

NEW YORK, July 27.—(CP)—R. T. (Bob) Elson, former Vancouver Winnipeg newspaper man, has been appointed assistant managing editor of the "Fortune" magazine.

A Time publication, "Fortune" has been chief of Time magazine's Washington bureau.

Elson, who started at the office with the Vancouver Daily Province in 1934, was promotion manager of the Winnipeg Tribune from 1930 to 1932. He returned to the Province as sports editor and later became news editor.

In 1938 he was editor of the Vancouver News-Herald, then was Vancouver correspondent for the Southern group of newspapers until he joined the Time staff as Canadian editor in 1943.

Head-on Collision Brings Arrest, Fine

A head-on collision between two cars early today led to arrest and fine for Harry J. Baader, 6547 108 avenue.

In police court today Baader was fined \$25 and costs or two months in jail on a dangerous driving charge. His license was suspended for 60 days.

According to police a car driven by Baader collided head-on with a taxi driven by J. J. Cole, at 108 avenue and 96 street, about 1:15 p.m. today.

Two passengers in Cole's car, Emma Letendre, W. W. Sales Black, and Evelyn Letendre, 1440 108 avenue, were injured in the collision.

Giving evidence to the court City Constable Bud testified that Baader's vehicle had been on wrong side of the road.

For leaving the scene of an accident on city streets was fined \$25 and costs or two months in jail.

According to police Woods failed to report an accident after he had collided with a parked car at 111 avenue and 88 street, July 23.

Nine materials charged with speeding on city streets were fined a total of \$115 and costs. Average of the offenders was between 40 and 45 m.p.h.

Vagrant Gets 3-Month Jail Sentence

Charged with vagrancy, Dean Stewart, Edmonton, was given a three-month jail sentence, in police court today.

According to evidence Stewart was a vagrant between June 1947 and July 23, this year.

Nineteen-year-old Verie Finatrod from Westlock, was given a two-year suspended sentence on a \$1,000 bond.

Finatrod charged with uttering forged documents had previously pleaded guilty to the offence.

At the recommendation of Crown Prosecutor Donald Mason, Finatrod was given the suspended sentence.

Kill Whales 'Humanely' And Feed All of Europe

WINNIPEG, July 27.—(CP)—All of Europe could be fed for four months on the whale meat wasted annually in the Antarctic due to "antiquated" methods of killing the "mistle creature," an authority on whaling said today.

He is Dr. H. R. 1916 of Dundee, Scotland, now touring Canada and the United States. Dr. Little has conferred with the federal government and the United Nations on the whaling industry.

Soon, he said, one of two new, humane methods of killing whales will come into use. It will provide enough meat to feed Europe for four months on current rates.

The explosive harpoon now used damages the meat before the whale is dead, he said. It

causes putrefactive intestinal organisms to spread throughout the blood stream. Housewives often complain of the oily taste and fishy smell resulting from this killing method.

Dr. Little said research indicates electrocution or the use of carbon dioxide will replace the present harpoon explosive. More than 200 whales were killed before the Second World War by Norwegians who used an electric current which passed into the whale through a conductor attached to the harpoon rope.

The first whaling company which goes into operation with one of the speedy and humane killing methods will require a third less equipment and a third less time to obtain far more of any competitor.

"We owe it to the whales. If

they are to be killed for our benefit, at least we can do it in the same humane way we treat our cattle."

Dr. Little said the new methods will sharply reduce the number of whales killed annually. With present methods, the quota killed is "far in excess of what the stock can stand."

Hospital Tenders Are Being Called

CALGARY, July 27.—(CP)—Tenders for construction of the new \$2,000,000 Calgary General Hospital were called today by civic officials. The deadline is Aug. 23. Advertisements are being placed in Calgary, Edmonton and Winnipeg papers.

IT JUST SHOWS YOU CAN'T BE TOO FRIENDLY

BABYLON, N.Y., July 27.—(AP)—James A. Rodgers got too friendly with a talking crow, and now he's looking for his car keys.

He and his wife saw the crow on the curb as they left a drugstore Saturday night. "Hello," said the crow. "Hello," answered Rodgers. Rodgers, to lure the crow closer, took out the case containing his car keys, driver's licence and car registration. He dangled the keys in front of the bird, which suddenly grabbed them in its beak and flew away.

Canadian Jailed In Marihuana Case

PHILADELPHIA, July 27.—(CP)—Raymond K. Arnold, 34-year-old automobile worker whose police said in a Canadian yesterday was sentenced to nine months in prison for illegal possession of 240 pounds of Marihuana. Arnold is employed at Detroit.

Bidault Dropped From French Gov't

Premier Marie's New Cabinet Favors Cause of West Powers

By Robert C. Wilson

PARIS, July 27.—(AP)—Premier Andre Marie formed a new French coalition cabinet and today presented its members to President Vincent Auriol.

N.J. DELINQUENTS REALLY JUVENILE

ELIZABETH, N.J., July 27.—(CP)—Things are looking up for Elizabeth's juvenile delinquents. The town has redecorated its detention cells in Union County courthouse. And Underhill Alex C. Campbell has provided a jolly-wink, snouts, checkers and crayon books.

Like its predecessor, the new cabinet contains no Communists. It is made up of members of parties who favor the cause of the western allies.

The new government contained one major change from the eight cabinets France has had in the last three years. Georges Bidault has been dropped as foreign minister. Bidault, who has represented France at major international conferences since 1945, had been replaced by 65-year-old Robert Schuman, the outgoing premier whose cabinet resigned July 13.

Schuman is a member of the Mouvement Republicain Populaire as is Bidault, thus no major change in French foreign policy is foreseen.

Marie's announcement came late last night after more than 36 hours of negotiations with the Socialists party. At one point he almost resigned his premiership.

Marie is a Radical Socialist, but the party name is to a large measure. The party is neither radical nor socialist. In the accepted sense it is a moderate centrist party.

This fact led Marie to choose as finance minister Paul Reynaud, pro-war premier and a moderate.

This is a list of the ministers: Vice-Premier—Leon Blum, Socialist.

Vice-Premier—Pierre Henri Testen, MRP.

Commerce and Industry—Robert Lacoste, Socialist.

Agriculture—Pierre Pflimlin, National Education—Yvon Delbos, Radical Socialist.

Reconstruction—René Coty, Independent Republican.

Colonies—Paul Coste-Floret, MRP.

Public Works—Christian Pineau, Socialist.

Labour—Daniel Mayer, Socialist.

War Veterans—André Maroulet, Justice—Robert Lecomte, MRP.

Health—Pierre Schreiner, MRP.

Minister of State—Henri Queuille, Radical Socialist.

Foreign Affairs—Robert Schuman, MRP.

Interior—Julius Moch, Socialist.

Finance and Economic Affairs—Paul Reynaud, Independent Republican.

40 Men, 8 Women Sentenced To Die

ATHENS, July 27.—(AP)—Forty men and eight women were sentenced to death by an Ioannina military court Saturday on charges of collaborating with guerrillas, pro-dispatches said yesterday.

Nine persons, including one woman, were sentenced to life imprisonment. The court acquitted 54 others.

BRIDGE Laying Off Finesse Wins Three N T

By William E. McKeeney

One of the hardest workers for organized bridge in the mid-west is Harry Lee, of St. Louis. Mo., vice-president of the American Auto Insurance Companies. He is a vice-president of the American Tourist Bridge League, and served for some time as president of the Midwest Conference of the league. He will head the St. Louis delegation to the summer session of the national championships tournament starting July 31 in Chicago.

Although Lee is a bridge leader he plays tournament bridge just for the fun of it. Nevertheless, he is always in there to take all the match points he can on a board. He certainly collected all of them on his last board.

So far as his spade bid is concerned, he thinks that Lee has a theory that if nobody else bids spades, it might be a good idea to bid them yourself. But the spade bid did not stop West from opening the dummy of spades into that was the opening at practically every table in the room.

Also, everybody put on the queen from dummy—that is, everybody put the king. All of the other players had the king in their hand. East's king was the first trick, the king of clubs came back. And now try to make three no trumps.

Lee went right up with dummy's ace of spades on the first trick, and led the king of hearts. Why? Because he counted one spade trick, four heart tricks, three diamond tricks and the ace of clubs—nine tricks, and that was what he made, for a top score on the board.

1st Canadian Television Seen in 1949

By Douglas How

OTTAWA, July 27.—(CP)—With a fair chance that her first stations may be in operation by the end of 1948, Canada is negotiating a bargain with the United States that will give her the right to certain television broadcasting channels along the border.

She would also guarantee the Americans not to allow her stations to interfere in channels set aside for them. The pact would cover a belt 500 miles deep on each side of the boundary, thus involving virtually all major Canadian cities.

The move is designed to hold open a fair share of wavelengths that Canadian stations must have if they are to function. It would prevent the growing American industry from grabbing them off before the Canadian industry is born.

The arrangement will eventually be consummated in an exchange of notes between the two governments, but that may be several weeks or months yet. Officials of the department of transport, the CBC and the American Federal Communications Commission have agreed among themselves that the distribution should be, but their agreement must meet formal approval. The pact is a bilateral version of the Havana Treaty that sets out radio broadcasting wavelengths for North America.

Ministerial Meet

Planned Aug. 12-16

LACOMBE, July 27.—(CP)—A Western Canada ministerial conference for the day after tomorrow will be held here Aug. 12 to 16, it was announced last night. Clergy office secretaries in field representatives from British Columbia, Alberta, Saskatchewan and Manitoba will attend.

THE CLUB RACER

Every once in a while a Canadian manufacturer creates something new and different—something better—superb in fact.

This time, it is C.C.M. who have designed and manufactured two completely new C.C.M. bicycles which we present, with considerable pride, to Canadian cyclists.

These smart new C.C.M.'s are known as the C.C.M. Club Racer and the C.C.M. Club Roadster.

They possess every feature of design and quality that either you or we could possibly desire in a bicycle. Some of these features are:

The front fork and head, the three-piece sprocket hanger, the locking cones on the hubs are all of new design and the C.C.M. Hercules Coaster Brake. The brake that makes cycling safe, make for smoother, easier and more enjoyable pedalling and riding.

Then there are the featherweight steel guards with raised centres, the chrome plated Enduro rims, C.C.M.'s exclusive low-temperature frame brazing and the beautiful steel blue lustrous pearlescent enamel on the club racer and C.C.M.'s famous rich maroon on the roadster together with Dunlop "Spurs" light-weight tires all combine to create two truly beautiful, new, 1949 C.C.M. bicycles.

These C.C.M.'s will be at your C.C.M. dealers' soon and it will delight you just to look at them—they're wonderful!

WOMAN SHARES LUCK WITH ALL CITY FOLK

When a good thing happens to some people, they like to pass it on to others.

One such person, an Edmonton lady, is that kind, so she called **The Bulletin** to share her good fortune with others.

That lady had a house to sell. She put an ad in the classified section of **The Bulletin** Saturday.

Today she phoned to tell us the house was sold over the week-end.

And how can you get in on this good fortune? Easy! Let **Bulletin** want ads take the worry out of your problems and bring good fortune to you. They get results.

Liberals Have 36 Candidates in Field

Number of Liberal candidates nominated to contest the August 17 provincial election stood at 36 today.

Alfred Lesford, Viking district, former became the 36th candidate when he was chosen by a nominating convention at Bruce on Monday to contest Bruce riding.

Mr. Lesford is a municipal district councillor and has interested himself actively in school division activities in his district.

Total of 11 conventions for the next few days are on the Liberal nomination schedule.

Here are this week's Liberal meetings: Today, Acadia-Corona; Tomorrow, St. Albert; Wednesday, St. Albert; Thursday, St. Albert; Friday, St. Albert; Saturday, St. Albert.

Cypress riding convention will be held in Medicine Hat on Wednesday at 2 p.m., and Medicine Hat constituency nominating will be started at 8 p.m. in that city.

Edmonton Liberals will hold a meeting Thursday night in the RCMP hall on 93 street.

Young Liberals of Edmonton will meet Wednesday night in the USU hall across from the CNR station. Local constituency will also meet Thursday.

Decorations for meritorious service during war years will go to 54 Albertans, 35 of them from Edmonton and district, at a special investiture to be held in the Alberta legislative chamber here on Wednesday, August 4.

And the boys in blue themselves will be presented with the awards by the governor general, Lord Tweedsmuir.

One of the major awards, the Imperial Service Order, goes to H. A. Andison, clerk of the Alberta legislative assembly.

This is the first time such an award has ever been made in Alberta. Only a limited number in the Empire may hold this order.

Awards of OBE go to 28 Edmonton and district residents. They are: H. M. Bailey, W. Leish, Dr. H. M. E. Evans, H. G. Greenwood, W. F. E. Hancock, George H. Hendwood, Dr. F. H. Newburn, D. E. Mould, Mrs. C. E. Proctor, H. Staples (deceased), James Walker, Harold L. Weir and J. A. Wood of Jasper.

Lumber Company Seeking 300,000 Acres Timber Land

Application for the timber reserves on 300,000 acres of forest land, West of Red Deer, by the Alberta Pulp and Paper Mills, has been received by the provincial government.

It is believed the reserve will be able to proceed with its work.

In the area being viewed by lands from that envisioned by L. O. Sweeney, Montreal financier, who revealed last week that companies in which he is interested must establish pulp mills at Edmonton, Calgary or Red Deer.

Mr. Sweeney, who is visiting Edmonton at present, said he is here to carry on negotiations with government officials and others, in connection with the construction of such a mill.

Crime Takes a Holiday, Police Cavort on Green

Once every summer Edmonton's policemen leave the pavement on their beats for the green grass at Victoria Park, and the Annual Policemen's Picnic.

Monday afternoon saw more than 50 of Edmonton's finest, their wives and children picnicking under a hot July sun.

In spite of the heat it was a day for the active, with more than 20 sporting events scheduled during the afternoon.

The kiddies, filled with ice cream and pop, ran themselves breathless in relay races, three-legged races and 10-yard dashes.

Wives of the "cops" cavorted in egg-and-spoon races and thread-the-daisies.

And the boys in blue themselves bounced on the sand in sack races, heaved the shot putt, ran in 100-yard dashes, or sedately pitched horseshoes.

THUNDER ROARS
The ground thundered as contestants in the fat-man's (over 225 pounds), race roared towards the finish line in a 100-yard dash.

Finishing first in the race of British was Constable Ken McLaren, second, Detective Fred Laren, and a close third Crown Prosecutor Donald Mason.

For all their exertions, picnickers were awarded a valuable array of prizes donated by nearly 20 city firms.

YOUNGEST MEMBER
The crowd cheered little four-month-old Thelma Ousadachy.

Oil Policies Are Attacked

Canada's "50 Big Shots," the political campaign meat of 15 years ago in Alberta, re-entered the current election campaign.

In a radio speech Monday night J. E. Cook, president of the Alberta C.P., charged that the "50 Big Shots," the beneficiaries of a political system that has produced cycles of war, depression, misery and suffering, are now the "real government of Alberta."

Charging that the Social Credit party in 1944 joined with the "50 Big Shots" to defeat the C.P., Mr. Cook stated that the "energies of the government of Alberta have been directed toward making life worth while for the oil barons, the power and utility concerns, the breweries and their Alberta agents the machine and bus companies, the insurance companies and profit makers in all lines."

Mr. Cook blasted the Alberta government's oil policies, said that the compensation offered to the farmer on whose land oil is found is "a real scandal."

Mr. Cook also will again receive the Commercial Life Assurance Co. of Canada grand challenge cup for her horticultural prowess.

She also won first prize, and the Maj. A. P. Chaitel cup, for the best lawn.

Other winners announced today by the Horticultural Society are: Home garden competition: Second prize—Mrs. A. H. Ambrose, 1649 137 street, third, J. Cornwall, 9137 7th avenue.

Public or industrial garden: First, Canada Packers Ltd., 70 street and Fort Street, second, city greenhouse, third, Edmonton Street Railway.

Lawn: Second—Mrs. O. A. Babian, 9675 56 avenue, third, Mrs. Fred King, 10454 74 avenue.

Decorative house front: First—Kubicek, 10662 85 avenue; second, Mrs. Fred King.

Vegetable garden: First—Mrs. Whalen, 12011 64 street; second, Cornwall, third, K. Kubicek.

Judges were: W. G. Stomberg, J. Myler, W. J. Cardy.

The legislature has announced he will be a candidate in Edmonton. He made his law for this campaign to Edmonton voters in an election speech radioed from CICA today.

In his reviewed his record as a teacher in Edmonton, and as a member of the legislature.

Dishwasher Held On Murder Charge
PITTSBURGH, July 27.—(AP)—A 26-year-old dishwasher was held on a murder charge yesterday following a robbery which police say netted only five cents.

Police said 75-year-old Charles Ketter, the victim of a beating, being held on the arrest of Edward Egli, New Milford, N.J., with his dying gestures. Another man is also sought in connection with the affair.

Field Day Tour On Wednesday
"Operation Field Day," sponsored by the Edmonton Chamber of Commerce, will be held on Wednesday.

Members of the Chamber's agricultural committee and others interested in the "Save the Soil" campaign, an annual event staged by Edmonton organization, will take part in the operation.

The entourage will leave the corner of 118 avenue and 127 street at 10 o'clock, and will visit the farms of Altkorn Brothers, W. G. Rowcock and Bert Birt.

At the latter place lunch will be served.

In the afternoon the group will inspect a number of "supervised areas" where crop rotation, planned by district agriculturists is being carried out.

Belmont Group
Hold Bridal Shower
Kitchen shower was held to honor Miss Mores Christy, bride-elect of July at the home of Mrs. Lloyd Wilson, by the Belmont Ladies Group.
Choo-choosers were Mrs. M. Brown, Mrs. E. Baker, Mrs. Jack Wiley and Miss Jessie Stewart.
Decorations and daisies decorated the receiving room.
Tea table was centered with a decorated angel food cake in a bed of pink and mauve tulle flanked by pink tapers.
Baby Wilson, two-year-old son of Mr. and Mrs. Lloyd Wilson, was the guest of honor.

REPORT TO MOTHERS
274 mothers out of 306 use Heinz Baby Foods 88% exclusively

Recently, an independent research bureau mailed questionnaires to a group of mothers with babies over three months' old. Of the 306 mothers who replied, 274 or 88 per cent stated they fed their babies only Heinz Baby Foods.
Many said Heinz Baby Foods were recommended by their doctors. A high percentage based their choice on quality, flavour, nutritive value and the famous Heinz reputation for fine foods.
Mother after mother mentioned her baby's steady gain in weight. And no wonder: babies thrive on Heinz Baby Foods! All 25 varieties are selected from the choicest, freshest foods and scientifically cooked to retain vitamins and minerals in high degree.

Test Shows Clear Oil

By Cecil Jackman

It is not expected that there will be any more tests run at the East Leduc No. 4 well. A flank extension effort into late today or Wednesday morning, Monday's test was of the interval 5,140 to 5,155 feet. Result was a blow of gas rated at 85,000 cubic feet daily and a fluid recovery consisting of 60 feet of clear oil and 10 feet of oil cut mud. While this does not ensure that commercial production will be obtained it is sufficiently good to warrant optimism in the opinion of oil men.

Since the encouraging test was made the hole has been reamed and a stock pipe is understood to have been forced. The hole is still blacked out to far as news is concerned in order to make a sector of the new structure encountered. Known indications are that no other west extension will have been added to the Leduc field when the well is completed.

PERFORATIONS TOO LOW

Another two days will probably be required before the perforations at Volmer are tested. It is believed that the original perforations were too low. They have been corrected. Oil is being drilled and new perforations made in an effort to cause production from "a poor hole" into a well which is now a more satisfactory figure.

Imperial Androsia is drilling below 1,000 feet and should enter the "cannon stage" in about two weeks time.

First test of the 12,138 foot well drilled at Finch Creek by Canadian Oil Company is set for Wednesday. The well is being completed at its present depth after being deepened from 11,307 feet.

NEW WORLD MARKET is seen for Canada with the announcement that British Overseas Airways Corporation has ordered a fleet of four-engine, pressurized Canadian 470 armers to be produced at Montreal. The order for a 22-aircraft fleet of the new Canadian airliner, built by Canadian Limited at Montreal, evidences Canada's entry into an export field heretofore occupied almost exclusively by Great Britain and the United States.

All Groups Show Weaker Tendency

Slow Movement Reported On Toronto Stock Exchange

TORONTO, July 27.—(CP)—All groups showed a weaker tendency in slow movement on the Toronto stock exchange today. Volume was about 350,000 shares.

A 2 to 1 ratio in the industrial groups, with papers, utilities, and chemicals leading the way. The decline was for the most part fractional, and included Bell Telephone, Canadian Northern, and Western Grocers, Searmont, and Imperial Oil. Ford "A" dropped 1/2 cent to 15 1/2 cents in the juniors.

The hole was deepened to determine the thickness of the porous zone of the Madeline limestone from which the original production was obtained.

It has been found that the porosity extends down to the 12,236 foot level giving about 400 feet of possible oil and gas bearing limestone. Original tests were carried out on a "poor hole" into a well which is now a more satisfactory figure.

The recent extension success in the southwest corner of the Leduc field, Continental No. 8, is reliably reported to have found 34 feet of oil and gas bearing limestone. It is compared with the usual thickness of 35 feet of effectively porous limestone.

It is believed that the well will find the highest potential of the field when it is put on production after being deepened from 11,307 feet.
